OVERVIEW

Conflicts between traffic and works on or next to the road are inevitable. It is important to reduce such conflicts to optimise work efficiency and traffic safety, and to minimise traffic congestion, delay and inconvenience to road users. It is important to ensure the safety of workers working at the work zone. This includes to ensure the training of all workers on the basic of road safety, and they are to be protected from the hazards of working in the work zone. (Source: Code of Practice for Traffic Control at Work Zone by LTA, July 2019)
